

Maths Homework Week beginning 22-04-2024

Is Ajani correct? Prove it!

I think that both $\frac{25}{100}$ and $\frac{1}{4}$ are equal to 25%

Colour this hundred grid using the key given below. Complete the key to show the percentage that isn't coloured.

Key

10% is red.

0.4 is green.

$\frac{15}{100}$ is blue.

% is not coloured.

Sara walked $\frac{1}{5}$ of her journey and ran the rest of the way. How much of the journey did she run? Give your answer as a decimal and a percentage. Use the bar model below to help you find your answer.

Sara walked
 $\frac{1}{5} = 20\% = 0.2$

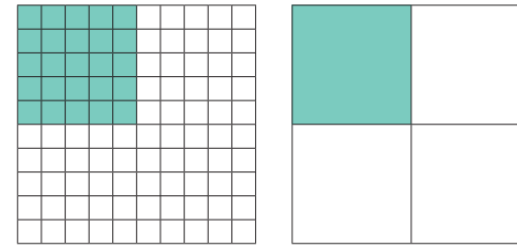

Decimal:

Percentage:
