

Maths-Money- 4th May 2026

Base camp

100p = £1. Convert the following pennies into pounds and pennies.

- 1) 150p =
- 2) 230p =
- 3) 390p =
- 4) 780p =
- 5) 823p =

Climbing

Write the total amount of money in each question.

- 1) If I have 20p, £1 and 40p how much do I have in total?
- 2) If I have £3, £5, 60p and 40p how much do I have in total?
- 3) If I have £10 and I bought something for £6, how much do I have left?

Peak

Draw <, > or = to compare the amounts of money.

£3.22 ○ £5.65 140p ○ £1.40
£4.99 ○ £4.95 1983p ○ £15.50

Summit

Estimate the total of these amounts. Remember to round the amounts first then add/subtract. Once you've got an estimate, work out the actual answer.

- 1) £5.23 + £3.70 =
- 2) £10.50 + £6.30 =
- 3) £7.40 - £1.20 =
- 4) £12.80 - 1020p =

SPaG- Paragraphs- 4th May 2026

Base camp

Fill in the gaps to complete the sentences about paragraphs.

A paragraph is a group of _____ about _____ main idea.

Climbing

Match the topic sentence with the correct supporting sentences to make a paragraph.

Topic sentences:
