Write it up in neat

There was a little girl who was so very smart
She was even better at reading than she was at art.
From 3 years old she could read a long book
If you saw this sight, you would want to take a look.
Her parents were cruel and they didn't much care,
They weren't kind or caring or not at all fair.
Her teacher was the person that took her under her wing,
She was lovely and kind and always caring.
The Headteacher was cruel she would swing the children round by their hair,
She didn't look out for them or even care.
At the end of the story her parents left her alone,
The little girl was ok by this, she didn't even moan.
Her kind teacher looked after her and they lived together
And it would be like this from now and forever.
