Piano lessons are taught using the Get Set Piano method and the Easy Notes method of note-reading. Eventually, many pupils chose to enter Grade 1 and 2 ABRSM piano exams, but these are not compulsory.

Mrs Canfield has a 100% success rate of her pupils gaining a Merit or Distinction at Grade 1 and 2.

Guitar lessons are for beginners wishing to learn the acoustic guitar. This is focussed on learning for pleasure, but also includes note-reading and theory. Children learn how to play melodies and also how to strum chords.

A small number of her guitar pupils have entered the London College of Music acoustic guitar exams, where all have achieved high Distinctions.

Most of the 25 minute lessons, half an hour apart, are in the afternoon during school hours. However, there are a few slots before and after school.

There is usually a waiting list, but the sooner you are on the list, the sooner you can start lessons.

(Alternatively, Connaught has two guitar teachers and two piano teachers from Surrey Arts who come into school to teach these popular instruments. Apply via the Surrey Arts website).
