## **Connaught Junior School's Child Protection and Safeguarding Policy**

**September 2020**

This document is based on guidance from KCSIE 2020 and Working Together to Safeguard Children 2018.

KCSIE highlights the importance of developing a safeguarding policy with all staff working with children within an education setting.

## Safeguarding Statement 2020

### “It could happen here”

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide an environment in which children and adults feel safe, secure, valued and respected, and feel confident to talk if they are worried, believing they will be effectively listened to.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school. The policy also informs parents and carers how we will safeguard their children whilst they are in our care.

At Connaught Junior School we are committed to safeguarding children and young people and we expect everyone who works in our school to share this commitment.

Adults in our school take all welfare concerns seriously and encourage children and young people to talk to us about anything that worries them.

We will always act in the best interest of the child.

#### Key Personnel

Designated Safeguarding Lead (DSL) is: Katherine Saunders  
Contact details: [dsl@cjs.tamat.org.uk](mailto:dsl@cjs.tamat.org.uk)

Deputy DSL(s) is/are: Siobhan McGann and Emily Littlewood  
Contact details: [dsl@cjs.tamat.org.uk](mailto:dsl@cjs.tamat.org.uk)

The nominated child protection governor is:  
Contact details: Fiona Torley and Sam Goggin  
[contactgovernors@cjs.tamat.org.uk](mailto:contactgovernors@cjs.tamat.org.uk)

The Headteacher is: Siobhan McGann  
Contact details: [head@cjs.tamat.org.uk](mailto:head@cjs.tamat.org.uk)

The Chair of Governors is: Dr R Dyerson  
Contact details: [contactgovernors@cjs.tamat.org.uk](mailto:contactgovernors@cjs.tamat.org.uk)

## Terminology

**Safeguarding and promoting the welfare of children** is defined as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.
- preventing impairment of children's mental or physical health or development.

**Child Protection** is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

**Early Help** means providing support as soon as any needs emerge or are identified at any point in a child's life.

**Staff** refers to all those working for or on behalf of the school, full or part time, temporary or permanent, in either a paid or voluntary capacity.

**Child(ren)** includes everyone under the age of 18. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments

**Parents** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

**Social Care** refers to Children's Services in the area in which the child is resident, unless a child is a Child Looked After then this will be the Children's Services in their home authority.

**MAP** refers to the Surrey Multi-Agency Partnership.

**C-SPA** refers to the Single Point of Access and the Child Protection Consultation Line..

## Introduction

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with statutory guidance: 'Working Together to Safeguard Children' 2018, Revised Safeguarding Statutory Guidance 'Framework for the Assessment of Children in Need and their Families' 2000, 'What to do if You are Worried a Child is Being Abused' 2015.

The policy also reflects, both statutory guidance 'Keeping Children Safe in Education' 2020 (KCSIE), and Children's Safeguarding Partnership (CSP) Procedures.

The Governing body takes seriously its responsibility under section 175/157 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure there are robust arrangements within our school to identify, assess, and support those children who are suffering harm or at risk of suffering harm.

This policy applies to all members of staff and governors in the school

## **Policy Principles & Values**

The welfare of the child is paramount

Maintain an attitude of “It could happen here”

Children have a right to feel safe and secure, they cannot learn effectively unless they do so.

All children have a right to be protected from harm and abuse.

All staff have a role in the prevention of harm and abuse and an equal responsibility to act immediately on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account contextual safeguarding, in accordance with statutory guidance. Connaught Junior School assesses the risks and issues in the wider community when consider the well-being and safety of its pupils.

We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working to protect and safeguard children.

Whilst the school will work openly with parents as far as possible, it reserves the right to contact Social Care or the police, without notifying parents if this is believed to be in the child’s best interests.

## **Policy Aims**

To demonstrate the school’s commitment with regard to safeguarding and child protection to pupils, parents and other partners.

To raise the awareness of all teaching and non-teaching staff of their responsibilities to safeguard children through identifying and reporting possible cases of abuse.

To enable the school to effectively contribute to Early Help, assessments of need and support for those children.

To provide robust school systems and procedures that are followed by all members of the school community in cases of suspected abuse.

To develop and promote effective working relationships with other agencies, in particular Early Help providers, the Police, Health and Social Care.

To ensure that all staff working within our school who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications, and a satisfactory DBS check (according to KCSIE guidance), and a single central record is kept for audit.

We comply with the [Disqualification under the Childcare Act 2006](#) guidance issued in August 2018.

## Supporting Children

We recognise that school may provide a safe place and the only stability in the lives of children who have been abused or who are at risk of harm.

We recognise that a child who is abused or witnesses abuse and/or violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth.

We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

Our school will support all children:

We will promote a caring, safe and positive environment within the school.

We will encourage self-esteem and self-assertiveness, through assemblies, the curriculum and through positive relationships within the school community.

We will ensure children are taught to understand and manage risk through personal, social, health and economic (PSHE) education using our Jigsaw programme and Relationship and Sex Education (RSE) and through all aspects of school life. This includes online safety.

We will respond sympathetically to any requests for time out to deal with distress and anxiety.

We will offer details of helplines, counselling or other avenues of external support.

We will liaise and work in partnership with other support services and agencies involved in Early Help and the safeguarding of children.

Practitioners should, in particular, be alert to the potential need for early help for a child who is:

- disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
- is a young carer
- is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking or exploitation
- is at risk of being radicalised or exploited
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing drugs or alcohol themselves
- has returned home to their family from care
- is a privately fostered
- child having a parent/carer in custody.

We will notify Social Care immediately if there is a significant concern.

We will provide continuing support to a child about whom there have been concerns who leaves the school by ensuring that information is shared under confidential cover to the child's new setting and ensure the school records are forwarded as a matter of priority and within statutory timescales.

## **Prevention / Protection**

We recognise that the school plays a significant part in the prevention of harm to our children by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.

The school will:

Establish and maintain an ethos where children feel safe and secure, are encouraged to talk and are always listened to.

Include regular consultation with children e.g. through questionnaires, participation in anti-bullying activity, asking children to report whether they have had happy/sad lunchtimes/playtimes

Ensure that all children know there is and can access an adult in the school whom they can approach if they are worried or in difficulty.

Include safeguarding across the curriculum, including PSHE, opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help. In particular this will include anti-bullying work, online-safety, accessing emergency services, road safety, pedestrian and cycle training. Also focussed work in Year 6 to prepare for transition to Secondary school and more personal safety/independent travel.

Ensure all staff are aware of school guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.

At Connaught Junior School pupils are taught about safeguarding, including online, through various teaching and learning opportunities, as part of providing a broad and balanced curriculum. Children are taught to recognise when they are at risk and how to get help when they need it.

Children are taught each half term about online safety both in lessons and in Assemblies. As well as this, we provide opportunities throughout the year to speak to parents about how to keep their children safe on line. Through our Jigsaw lessons and Assemblies, staff teach children about how to keep themselves safe and give different scenarios (age appropriate) to the children so they understand what is and isn't safe. Children are taught to recognise when they are at risk or of potential risk through our lessons and Assemblies and are frequently reminded of people they can talk to at school.

## Safe School, Safe Staff

We will ensure that:

The school operates a safer recruitment procedure that includes statutory checks on staff suitability to work with children.

All staff receive information about the school's safeguarding arrangements, the school's safeguarding statement, staff behaviour policy (code of conduct), child protection policy, the role and names of the Designated Safeguarding Lead and their deputy(ies), and [Keeping Children Safe in Education part 1 and annex A](#).

All staff receive safeguarding and child protection training at induction in line with advice from [Children's Safeguarding Partnership](#) which is regularly updated and receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually.

All members of staff are trained in and receive regular updates in online safety and reporting concerns, (which takes place during staff meetings, emails and video training).

All staff and governors have regular child protection awareness training, updated by the DSL as appropriate, to maintain their understanding of the signs and indicators of abuse (which takes place during staff meetings, emails and video training).

The child protection policy is made available via the school website and that parents/carers are made aware of this policy.

All parents/carers are made aware of the responsibilities of staff members with regard to child protection procedures through the publication of the Child Protection Policy and reference to it in the school's handbook.

We provide a coordinated offer of Early Help when additional needs of children are identified and contribute to early help arrangements and inter-agency working and plans.

Our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time.

Community users organising activities for children are aware of the school's Child Protection Policy, guidelines and procedures.

The name of the designated members of staff for child protection, the Designated Safeguarding Lead and deputy(ies), are clearly advertised in the school with a statement explaining the school's role in referring and monitoring cases of suspected harm and abuse.

All staff will be given a copy of Part 1 and Annex A of Keeping Children Safe in Education 2020 and will sign to say they have read on a one drive document and understood it. This applies to the Governing Body in relation to part 2 of the same guidance.

## **Roles and Responsibilities**

### **All School Staff:**

Have a key role to play in identifying concerns early and in providing help for children. To achieve this they will:

Provide a safe environment in which children can learn.

Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.

Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.

Ensure all staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals will attempt to make a diagnosis of a mental health problem.

Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following our child protection policy and procedure and speaking to the designated safeguarding lead or a deputy.

Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.

Attend training in order to be aware of and alert to the signs of abuse.

Maintain an attitude of "it could happen here" with regards to safeguarding.

Know how to respond to a pupil who discloses harm or abuse following training of 'Working together to Safeguard Children', and 'What to do if you are worried a child is being Abused' (2015).

Record their concerns if they are worried that a child is being abused and report these to the DSL immediately that day. If the DSL is not contactable immediately a Deputy DSL should be informed.

Be prepared to refer directly to the Multi Agency Partnership (MAP), and the police if appropriate. We understand that we have a pivotal role to play in multi-agency

safeguarding arrangements. All staff and governors ensure that the school or college contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children, if there is a risk of significant harm and the DSL or their Deputy is not available.

Follow the allegations procedures if the disclosure is an allegation against a member of staff including supply staff.

Follow the procedures set out by the Children's Safeguarding Partnership and take account of guidance issued by the Department for Education.

Provide support for children subject to Early Help, Child in Need or Child Protection that is in keeping with their plan.

Treat information with confidentiality but never promising to "keep a secret".  
Notify the DSL or their Deputy of any child on a child protection plan or child in need plan who has unexplained absence.

Have an understanding of early help, and be prepared to identify and support children who may benefit from early help.

Will identify children who may benefit from early help, liaising with the DSL in the first instance. (Options may include managing support for the child internally via the school's pastoral support process or an early help assessment). In some circumstances it may be appropriate for a member of school staff to act as the lead professional in early help cases.

Liaise with other agencies that support pupils and provide early help.

Know who the DSL and Deputy DSL are and know how to contact them.

Have an awareness of the role of the DSL, the school's Child Protection Policy, Behaviour Policy and Staff Code of Conduct, and procedures relating to the safeguarding response for children who go missing from education.

Be mindful that the Teacher Standards states that teachers should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

Assist the Governing Body and Headteacher in fulfilling their safeguarding responsibilities set out in legislation and statutory guidance.

## **The Headteacher**

In addition to the role and responsibilities of all staff the Headteacher will ensure that:

The school fully contributes to inter-agency working in line with Working Together to Safeguard Children 2018 guidance.

The Child Protection and Safeguarding Policy and procedures are implemented and followed by all staff.

All staff are aware of the role of the designated safeguarding lead (DSL), including the identity of the DSL and any deputies.

Sufficient time, training, support, funding, resources, including cover arrangements where necessary, is allocated to the DSL to carry out their role effectively, including the provision of advice and support to school staff on child welfare and child protection matters, to take part in strategy discussions/meetings and other inter-agency meetings and/or support other staff to do so; and to contribute to the assessment of children.

That opportunities are provided for a co-ordinated offer of early help when additional needs of children are identified.

Deputy DSLs are trained to the same standard as the DSL and the role is explicit in their job description.

Adequate and appropriate DSL cover arrangements are in place for any out of hours/out of term activities.

Where there is a safeguarding concern that the child's wishes and feelings are taken into account when determining what action to take and what services to provide.

Child-centred systems and processes are in place for children to express their views and give feedback.

All staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle-blowing procedures.

Pupils are provided with opportunities throughout the curriculum to learn about safeguarding, including keeping themselves safe online through Jigsaw and Assemblies.

That allegations or concerns against staff are dealt with in accordance with guidance from the Department for Education (DfE), Children's Safeguarding Partnership (CSP) and Surrey County Council (SCC).

That statutory requirements are met to make a referral to the Disclosure and Barring Service and additionally in the case of teaching staff the Teacher Regulation Agency where they think an individual has engaged in conduct that harmed (or is likely to harm) a child; or if the person otherwise poses a risk of harm to a child.

### **The Designated Safeguarding Lead:**

In addition to the role and responsibilities of all staff the DSL will:

Hold the lead responsibility for safeguarding and child protection (including online safety) in the school, this responsibility is not able to be delegated.

Have an "it could happen here" approach to safeguarding.

The designated safeguarding lead and any deputies will liaise with the three safeguarding partners and work with other agencies in line with Working Together to Safeguard Children.

NPCC- When to call the police should help designated safeguarding leads understand when they should consider calling the police and what to expect when they do.

Liaise with the local authority and work in partnership with other agencies in line with Working Together to Safeguard Children.

Manage and submit a Request for Support Form for a child if there are concerns about suspected harm or abuse, to the Multi-Agency Partnership (MAP), and act as a point of contact and support for school staff. Requests for support should be made securely by email to [cspa@surreycc.gov.uk](mailto:cspa@surreycc.gov.uk) using the [Request for Support Form](#) urgent referrals should be made by telephone 0300 470 9100 (and ask for the priority line).

Report concerns that a pupil may be at risk of radicalisation or involvement in terrorism, following the [Prevent referral process](#) and use the Prevent referral form to refer cases by e-mail to [preventreferrals@surrey.pnn.police.uk](mailto:preventreferrals@surrey.pnn.police.uk) . If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey.

The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

Refer cases where a crime may have been committed to the Police as required.

Liaise with the “case manager” and Local Authority Designated Officer for child protection concerns in cases which concern a member of staff or a volunteer; and refer cases where a person is dismissed or left service due to risk/harm to a child to the Disclosure and Barring Service and Teaching Regulation Agency, as required.

Follow DfE and KCSIE guidance on ‘Peer on Peer Abuse child on child’ when a concern is raised that there is an allegation of a pupil abusing another pupil within the school.

Be available during term time (during school hours) for staff in school to discuss any safeguarding concerns. Appropriate and adequate cover arrangements will be arranged by the DSL and the school leadership for any out of hours/term activities.

Act as a source of support and expertise in carrying out safeguarding duties for the whole school community.

Encourage and promote a culture of listening to children and taking account of their wishes and feelings, amongst all staff.

Access training and support to ensure they have the knowledge and skills required to carry out the role. DSL training should be updated at least every two years and their knowledge and skills refreshed at regular intervals but at least annually.

Have a secure working knowledge of CSP procedures and understand the assessment process for providing early help and statutory intervention, including the local authority levels of need criteria and referral arrangements.

Have a clear understanding of access and referral to the local early help offer and will support and advise members of staff where early help intervention is appropriate.

Understand and support the school delivery with regards to the requirements of the Prevent duty and provide advice and guidance to staff on protecting children from radicalisation.

Liaise with school staff (especially pastoral support, behaviour leads, school health colleagues and the SENDCO) on matters of safety and safeguarding and consult the CSP Levels of Need document to inform decision making and liaison with relevant agencies.

Be alert to the specific needs of children in need, those with SEND and young carers.

Understand the risks associated with online activity and be confident that they have the up to date knowledge and capability to keep children safe whilst they are online at school; in particular understand the additional risks that children with SEND face online and the associated and appropriate support they require.

Keep detailed, accurate records (either written or using appropriate secure online software), that include all concerns about a child even if there is no need to make an immediate referral and record the rationale for decisions made and action taken.

Ensure that an indication of the existence of the additional child protection file is marked on the pupil school file record.

Ensure that when a pupil transfers school (including in-year), their child protection file is passed to the new school as soon as possible, and within statutory timescales (separately from the main pupil file and ensuring secure transit) and that confirmation of receipt is received.

Ensure that where a pupil transfers school and is on a child protection plan or is a child looked after, their information is passed to the new school immediately and that the child's social worker is informed. In addition, consideration should be given to a multi-agency schools transition meeting if the case is complex or on-going.

If the transit method requires that a copy of the Child Protection file is retained until such a time that the new school acknowledges receipt of the original file, the copy should be securely destroyed on confirmation of receipt.

Ensure that all appropriate staff members have a working knowledge and understanding of their role in case conferences, core groups and other multi-agency planning meetings, to ensure that they attend and are able to effectively contribute when required to do so; where a report is required, this should be shared with the parents prior to the meeting.

Report to the Headteacher any significant issues for example, use of the [SSCP multi-agency escalation procedures](#), enquiries under section 47 of the Children Act 1989 and police investigations.

Ensure that the case holding Social Worker is informed of any child currently with a child protection plan who is absent without explanation.

Ensure that all staff sign to say they have read, understood and agree to work within the School's child protection policy, staff behaviour policy (code of conduct) and Keeping Children Safe in Education (KCSIE) Part 1 and annex A and ensure that the policies are used effectively.

Organise child protection and safeguarding induction, regularly updated training and a minimum of annual updates (including online safety) for all school staff, keep a record of attendance and address any absences.

Ensure that in collaboration with the school leadership and governors, the child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly.

Ensure that the Child Protection Policy is available publicly and that parents are aware that referrals about suspected harm and abuse will be made and the role of the school in this.

Establish and maintain links with the Local Authority safeguarding partners to make sure staff are aware of training opportunities and the latest policies on local safeguarding arrangements.

Contribute to and provide, with the Headteacher and Chair of Governors, the "Audit of Statutory Duties and Associated Responsibilities" to be submitted annually to the Surrey County Council, Education Safeguarding Team.

Ensure that the names of the Designated Safeguarding and Child Protection Lead and deputies, are clearly advertised, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.

Meet all other responsibilities as set out for DSLs in Keeping Children Safe in Education 2020.

Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

### **The Deputy Designated Safeguarding Lead(s):**

In addition to the role and responsibilities of all staff the Deputy DSL will:

Be trained to the same standard as the Designated Safeguarding Lead and the role is explicit in their job description.

Provide support and capacity to the DSL in carrying out delegated activities of the DSL; however, the lead responsibility of the DSL cannot be delegated.

In the absence of the DSL, carries out the activities necessary to ensure the ongoing safety and protection of children. In the event of the long-term absence of the DSL the deputy will assume all of the functions above.

**All members of The Governing Body understand and fulfil their responsibilities to ensure that:**

The school has effective safeguarding policies and procedures including a Child Protection Policy, Code of Conduct, a Behaviour Policy and a response to children who go missing from education.

Policies are consistent with Children's Safeguarding Partnership (CSP) and statutory requirements, are reviewed annually and that the Child Protection policy is available on the school website.

The CSP is informed in line with local requirements about the discharge of duties via the annual safeguarding audit.

The school operates a safer recruitment procedure that includes statutory checks on staff suitability to work with children and disqualification by association regulations and by ensuring that there is at least one person on every recruitment panel who has completed safer recruitment training, if there is not a panel conducting interviews then the individual will have completed the safer recruitment training.

At least one member of the governing body has completed safer recruitment training to be repeated every five years.

Staff have been trained appropriately and this is updated in line with guidance and all staff have read Keeping Children Safe in Education (2020) part 1 and Annex A and that mechanisms are in place to assist staff in understanding and discharging their roles and responsibilities as set out in the guidance.

All staff including temporary staff and volunteers are provided with the school's child protection policy and staff behaviour policy.

The school has procedures for dealing with allegations of abuse against staff (including the Headteacher), volunteers and against other children and that a referral is made to the DBS and/or the Teaching Regulation Agency (as applicable) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have had they not resigned.

A nominated governor for safeguarding is identified.

A member of the senior leadership team has been appointed by the Governing Body as the Designated Safeguarding Lead (DSL) who will take lead responsibility for safeguarding and child protection and that the role is explicit in the role holder's job description.

On appointment, the DSL and deputy(s) undertake interagency training (CSP Foundation Modules 1&2) and also undertake DSL 'New to Role' and 'Update' training every two years as well as attending DSL network events, to refresh knowledge and skills.

Children are taught about safeguarding (including online safety) as part of a broad and balanced curriculum covering relevant issues through personal, social, health and economic education (PSHE) and relationships and sex education (RSE). The governors, proprietors and school will ensure application filters and monitoring systems are in place to safeguard children online.

The school will comply with DfE and Surrey County Council [Children Missing Education](#) requirements.

The school will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable

Appropriate online filtering and monitoring systems are in place.

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Governing bodies and proprietors will ensure they have clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.

Enhanced DBS checks (without barred list checks, unless the governor is also a volunteer at the school) are in place for all Governors.

Any weaknesses in Safeguarding are remedied immediately.

## **Confidentiality, Sharing and Withholding Information**

All matters relating to child protection will be treated as confidential and only shared as per the '[Information Sharing Advice for Practitioners](#)' (DfE 2018) guidance.

The school will refer to the guidance in the in the data protection: toolkit for schools - <https://www.gov.uk/government/publications/data-protection-toolkit-for-schools> guidance to support schools with data protection activity, including compliance with the GDPR.

Information will be shared with staff within the school who 'need to know'.

Relevant staff have due regard to Data Protection principles which allow them to share (and withhold) information.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and that the Data Protection Act 1998 and General Data Protection Regulations are not a barrier to sharing information where a failure to do so would place a child at risk of harm. There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. However, staff are aware that matters relating to child protection and safeguarding are personal to children and families, in this respect they are confidential and the Headteacher or DSLs will only disclose information about a child to other members of staff on a need to know basis.

All staff will always undertake to gain parent/carers consent to refer a child to Social Care unless to do so could put the child at greater risk of harm or impede a criminal investigation.

Information sharing: the Data Protection Act 2018 and General Data Protection Regulations (GDPR) do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

## **Child Protection Procedures**

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or abused or is at risk of harm or abuse.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children and those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility.

### **If a member of staff suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:**

1. Make an initial record of the information related to the concern on CPOMs.
2. Report it to the DSL immediately.
3. The DSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL is not immediately available.
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:

Dates and times of their observations  
Dates and times of any discussions in which they were involved.  
Any injuries  
Explanations given by the child / adult  
Rationale for decision making and action taken  
Any actual words or phrases used by the child  
Full names and **not** initials

5. The records must be signed and dated by the author or / equivalent on electronic based records

6. In the absence of the DSL or their Deputy, staff must be prepared to refer directly to MAP (and the police if appropriate) if there is the potential for immediate significant harm

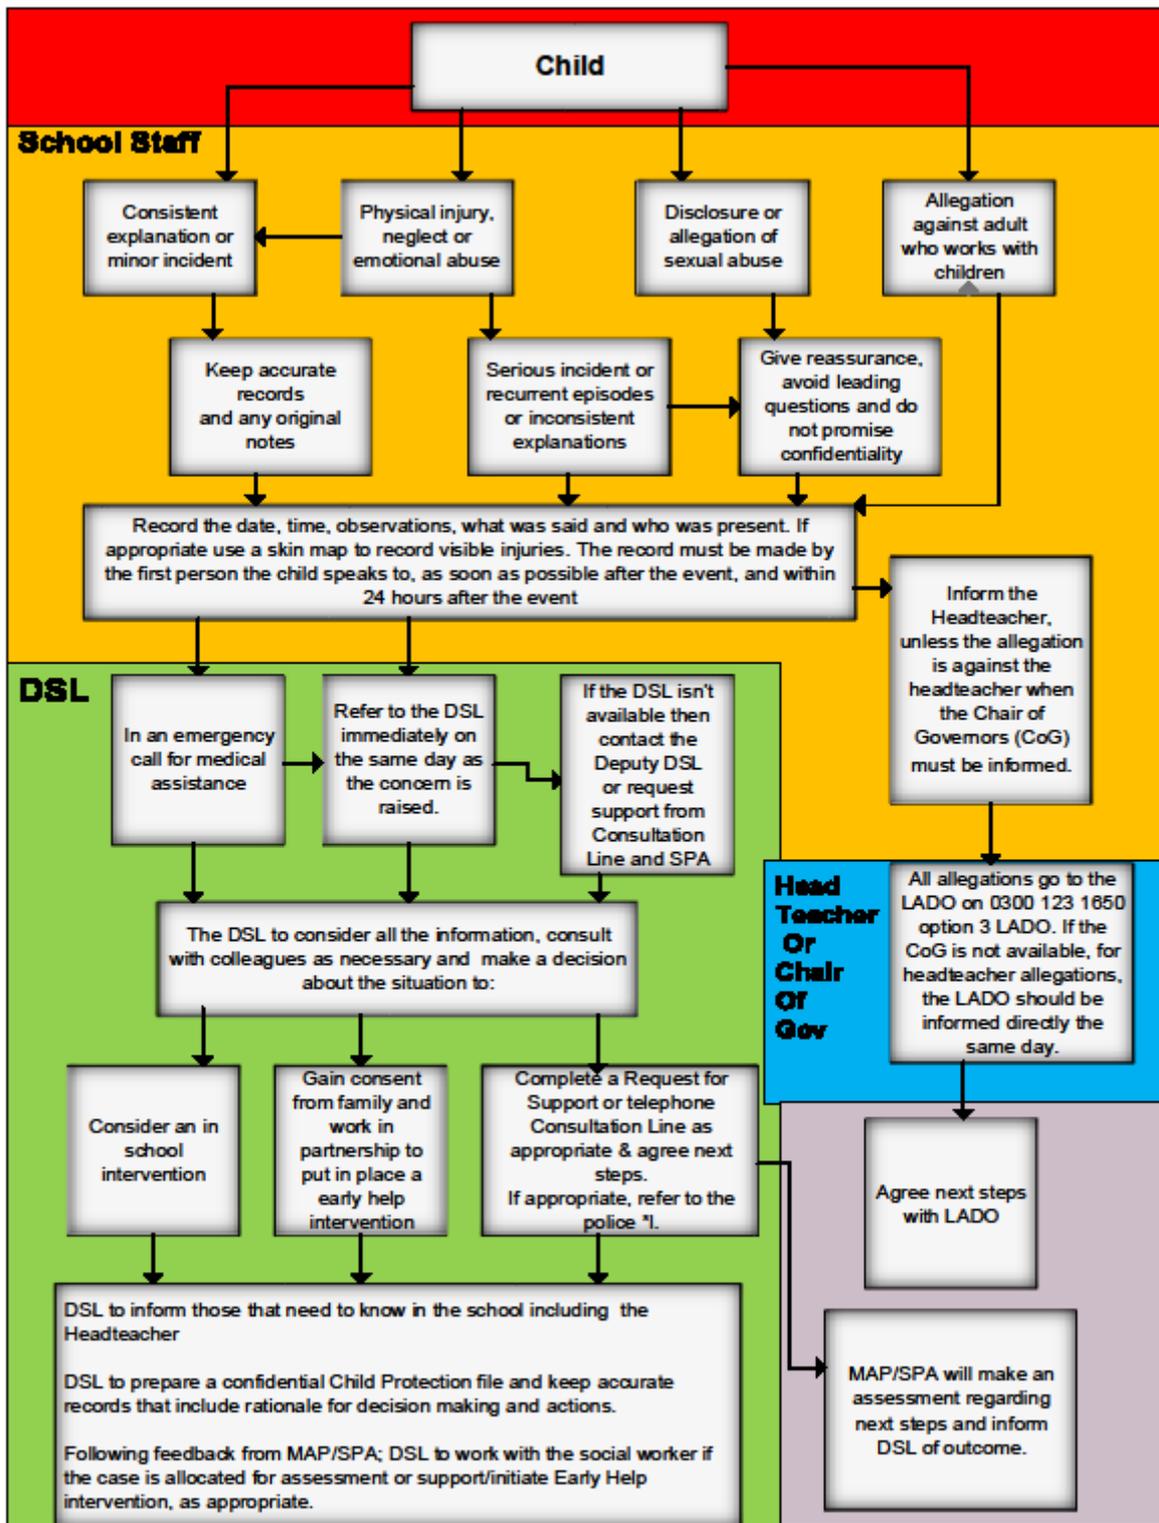

**Following a report of concerns the DSL must:**

1. [Using the SSCP Levels of Need](#), decide whether or not there are sufficient grounds for suspecting significant harm, in which case a referral must be made to the MAP and the police if it is appropriate.
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement before making a referral to the MAP. However, this should only be done when it will not place the child at increased risk or could impact a police investigation. The child's views should also be taken into account.

If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm or abuse the DSL must contact the MAP. By sending a [Request for Support Form](#) by secure email to: [cspa@surreycc.gov.uk](mailto:cspa@surreycc.gov.uk) or contact the Single Point of Access (SPA) consultation line on 0300 470 9100 to discuss the concerns. If a child is in immediate danger and urgent protective action is required, the Police (dial 999) must be called. The DSL must also notify the MAP of the occurrence and what action has been taken

3. If the DSL feels unsure about whether a referral is necessary they can phone the C-SPA to discuss concerns
4. If there is not a risk of significant harm, the DSL will either actively monitor the situation or consider offering early help.
5. Where there are doubts or reservations about involving the child's family, the DSL should clarify with the C-SPA or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation.
6. When a pupil is in need of urgent medical attention and there is suspicion of abuse the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital, having first notified the C-SPA. The DSL should seek advice about what action the C-SPA will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.
7. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police. The DSL should also be made aware.

# Child Protection Procedures Flowchart

*\* In the cases of known FGM, the teacher who was made aware will also make contact with the police*

## **Dealing with disclosures**

### **All staff**

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable (Katherine Saunders DSL, Siobhan McGann Deputy DSL, Emily Littlewood Deputy DSL). All staff have the right to make a referral to the MAP or Police directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, for example, they are the only adult on the school premises at the time and have concerns about sending a child home.

### **Guiding principles, the seven R's**

#### **Receive**

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

#### **Reassure**

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure, for example, you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

#### **Respond**

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticize the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

- Use the 5Ws – Who, When, Where, What, How and TED – Tell, Explain and Describe.

## **Report**

- Share concerns with the DSL immediately.
- If you are not able to contact your DSL or the Deputy DSL, and the child is at risk of immediate harm, contact the MAP or Police, as appropriate directly
- If you are dissatisfied with the level of response you receive following your concerns, you should press for re-consideration

## **Record**

- If possible make some very brief notes at the time, and write them up as soon as possible
- Keep your original notes on file
- Record the date, time, place, person/s present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- If appropriate, complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

## **Remember**

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Get some support for yourself if you need it

## **Review (led by DSL)**

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

## **What happens next?**

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL what has happened following a report being made. If they do not receive this information they should seek it out.

If they have concerns that the disclosure has not been acted upon appropriately they might inform the Headteacher or Safeguarding Governor of the school and/or may contact the MAP.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that they have followed procedure correctly and that their swift actions will enable the allegations to be handled appropriately. Time after a TAF, CIN or CP meeting is essential for the member of staff due to the nature of the meetings.

In some cases additional counselling might be needed and staff should be encouraged to recognise that disclosures can have an impact on their own emotions.

## Safeguarding concerns and Allegations against adults who work with children

### Procedure

This procedure should be used in all cases in which it is alleged a member of staff, including supply staff or volunteer in a school, or another adult who works with children has:

- *behaved in a way that has harmed a child, or may have harmed a child;*
- *possibly committed a criminal offence against or related to a child; or*
- *behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children*
- *behaved or been involved in an incident outside of a setting which did not involve children but could impact on their suitability to work with children*

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the Headteacher immediately.
- If an allegation is made against the Headteacher, the concerns need to be raised with the Chair of Governor as soon as possible. If the Chair of Governors is not available, then the LADO should be contacted directly.
- There may be situations when the Headteacher, Proprietor or Chair of Governors will want to involve the police immediately if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the Headteacher or Chair of Governors they will contact the LADO (as part of their mandatory duty) on 0300123 1650 option 3 LADO  
Email: [LADO@surreycc.gov.uk](mailto:LADO@surreycc.gov.uk) immediately and before taking any action or investigation.
- Following consultation with the LADO inform the parents of the allegation unless there is a good reason not to

In liaison with the LADO, the school will determine how to proceed and if necessary the LADO will refer the matter to Children's Social Care and/or the police.

If the matter is investigated internally, the LADO will advise the school to seek guidance from local authority colleagues in following procedures set out in part 4 of 'Keeping Children Safe in Education' (2020) and the CSP procedures.

## **What is child abuse?**

The following definitions are taken from *Working Together to Safeguard Children* HM Government (2018). In addition to these definitions, it should be understood that children can also be abused by being sexually exploited, honour based violence, forced marriage or female genital mutilation. To support the local context, all staff have access to the [Children's Safeguarding Partnership Levels of Need Threshold Document](#).

## **What is abuse and neglect?**

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults, or another child or children.

### **Physical abuse**

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

### **Emotional abuse**

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children.

These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another.

It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur in isolation.

### **Sexual abuse**

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and

touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including online).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

## **Neglect**

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The [Neglect Risk Assessment Tool](#) is available to provide a more detailed information regarding the assessment of neglect.

## Indicators of abuse

### Neglect

The nature of neglect

Neglect is a lack of parental care but poverty and lack of information or adequate services can be contributory factors.

Far more children are registered to the category of neglect on Child in Need and Child Protection plans than to the other categories. As with abuse, the number of children experiencing neglect is likely to be much higher than the numbers on the plans.

Neglect can include parents or carers failing to:

- provide adequate food, clothing and shelter
- protect a child from physical and emotional harm or danger
- ensure adequate supervision or stimulation
- ensure access to appropriate medical care or treatment

NSPCC research has highlighted the following examples of the neglect of children under 12 years old:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at

this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Neglect is often linked to other forms of abuse, so any concerns school staff have should be discussed with the DSL.

### **Indicators of neglect**

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm.

It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The [Neglect Risk Assessment Tool](#) provides staff with a resource to identify and act on concerns regarding neglect.

#### Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

#### Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food
- Destructive tendencies

## **Emotional abuse**

The nature of emotional abuse

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself.

Children can be harmed by witnessing someone harming another person – as in domestic abuse.

It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

### **Indicators of emotional abuse**

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour

- Insecure, clinging behaviour
- Poor social relationships

#### Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations (“I deserve this”)
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

## Physical abuse

The nature of physical abuse

Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly, it is not necessary to be concerned about most of these minor injuries. But accidental injuries normally occur on the *bony prominences* – e.g. knees, shins.

Injuries on the *soft* areas of the body are more likely to be inflicted intentionally and should therefore make us more alert to other concerning factors that may be present.

A body map can assist in the clear recording and reporting of physical abuse. The body map should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

### Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adults words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if a child:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport

- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

## Sexual abuse

The nature of sexual abuse

Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g., relatives, family friends, neighbours, babysitters, and people working with the child in school, faith settings, clubs or activities. Children can also be subject to child sexual exploitation.

Sexual exploitation is seen as a separate category of sexual abuse. The [SSCP professional guidance](#) provides school staff with information regarding indicators of CSE (further information about CSE is available on pages 45-46).

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent (this may occur online)
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

### Indicators of sexual abuse

Physical observations:

- Damage to genitalia, anus or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations:

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually inappropriate behaviour
- Hinting at sexual activity
- Inexplicable decline in education progress
- Depression or other sudden apparent changes in personality as becoming insecure
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly-compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults -
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation,
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating

- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed
- Trying to be 'ultra-good' or perfect; overreacting to criticism.

# **Sexual violence and sexual harassment between children in schools**

## **Peer on Peer Abuse/Child on Child – Policy Framework**

### **Context**

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their education attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.

### **Policy**

We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults and other children in school

We recognise that children are capable of abusing other children and their peers and this will be dealt with under our child protection policy and in line with KCSiE (2020)

We are clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up

We will minimise the risk of peer on peer abuse child on child by:-

### **Prevention**

Taking a whole school approach to safeguarding & child protection

Providing training to staff

Providing a clear set of values and standards, underpinned by the school's behaviour policy and pastoral support; and by a planned programme of evidence based content delivered through the curriculum.

Engaging with specialist support and interventions.

### **Responding to reports of sexual violence and sexual harassment**

The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a persons

clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

Children making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be well supported.

If the report includes an online element staff will be mindful of the Searching, Screening and Confiscation: advice for schools (DfE 2018) guidance.

Staff taking the report will inform the DSL or the Deputy DSL immediately.

Staff taking a report will never promise confidentiality.

Parents or carers should usually be informed (unless this would put the child at greater risk).

If a child is at risk of harm, is in immediate danger, or has been harmed, a Request for Support will be made to the MAP securely email: [cspa@surreycc.gov.uk](mailto:cspa@surreycc.gov.uk) or telephone 0300 470 9100, as appropriate.

**Risk Assessment:-**

Following a report the DSL will make an immediate risk and needs assessment on a case-by-case basis.

The risk assessment will consider;

The victim, especially their protection and support.

The alleged perpetrator, their support needs and any discipline action.

All other children at the school.

The victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Support regarding risk assessments can be accessed from the [Education Safeguarding Team](#) – [education.safeguarding@surreycc.gov.uk](mailto:education.safeguarding@surreycc.gov.uk)

**Action: The DSL will consider:-**

The wishes of the victim.

The nature of the incident including whether a crime has been committed and the harm caused.

Ages of the children involved.

Developmental stages of the children.

Any power imbalance between the children.

Any previous incidents.

Ongoing risks.

Other related issues or wider context.

**Options:**

Manage internally

Early Help intervention

Refer to MAP

Report to the police (generally in parallel with a referral to MAP)

**Ongoing Response:**

The DSL will manage each case individually and will ensure the risk assessment is reviewed regularly with relevant partner agencies, for example the Police and Children's Social Care.

Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.

The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and may lead to the view that allowing the perpetrator to remain in the same school or college would seriously harm the education or welfare of the victim (and potentially themselves and other pupils).

Where a criminal investigation into sexual assault leads to a conviction or caution, the school or college will, if it has not already, consider any suitable sanctions in light of their behaviour policy, which may include consideration of permanent exclusion. Where the perpetrator is going to remain at the school or college, the Headteacher should continue

keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

The victim, alleged perpetrator and any other children & adults affected will receive appropriate support and safeguards on a case-by-case basis.

The school will take any disciplinary action against the alleged perpetrator in accordance with the school behaviour policy.

The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

## **Physical Abuse**

While a clear focus of peer on peer/ child on child abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

[DfE Sexual Violence and Sexual Harassment between Children in Schools and Colleges May 2018](#)

## **Harmful Sexual Behaviour**

The [Brook Traffic Light Tool](#) uses a traffic light system to categorise the sexual behaviours of young people and is designed to help professionals:

- Make decisions about safeguarding children and young people
- Assess and respond appropriately to sexual behaviour in children and young people
- Understand healthy sexual development and distinguish it from harmful behaviour
- By categorising sexual behaviours, the school can work with other agencies to the same standardised criteria when making decisions and can protect children and young people with a multi-agency approach.

The school recognises that it is vital that professionals agree on how behaviours should be categorised regardless of culture, faith, beliefs, and their own experiences or values.

# Brook sexual behaviours traffic light tool

## Behaviours: age 0 to 5

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

### What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability. They are reflective of natural curiosity, experimentation, consensual activities and positive choices

### What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

### Green behaviours

- holding or playing with own genitals
- attempting to touch or curiosity about other children's genitals
- attempting to touch or curiosity about breasts, bottoms or genitals of adults
- games e.g. mummies and daddies,
- doctors and nurses
- enjoying nakedness
- interest in body parts and what they do
- curiosity about the differences between boys and girls

### What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

### What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

### Amber behaviours

- preoccupation with adult sexual behaviour
- pulling other children's pants down/skirts up/trousers down against their will
- talking about sex using adult slang
- preoccupation with touching the genitals of other people
- following others into toilets or changing rooms to look at them or touch them
- talking about sexual activities seen on TV/online

### What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

### What can you do?

Red behaviours indicate a need for immediate intervention and action.

### Red behaviours

- persistently touching the genitals of other children
- persistent attempts to touch the genitals of adults
- simulation of sexual activity in play
- sexual behaviour between young children involving penetration with objects
- forcing other children to engage in sexual play

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

## Behaviours: age 5 to 9 and 9 to 13

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

### What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability and reflective of natural curiosity, experimentation, consensual activities and positive choices

### What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

### Green behaviours 5-9

- feeling and touching own genitals
- curiosity about other children's genitals
- curiosity about sex and relationships, e.g. differences between boys and girls, how sex happens, where babies come from, same-sex relationships
- sense of privacy about bodies
- telling stories or asking questions using swear and slang words for parts of the body

### Green behaviours 9-13

- solitary masturbation
- use of sexual language including swear and slang words
- having girl/boyfriends who are of the same, opposite or any gender
- interest in popular culture, e.g. fashion, music, media, online games, chatting online
- need for privacy
- consensual kissing, hugging, holding hands with peers

### What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

### What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

### Amber behaviours 5-9

- questions about sexual activity which persist or are repeated frequently, despite an answer having been given
- sexual bullying face to face or through texts or online messaging
- engaging in mutual masturbation
- persistent sexual images and ideas in talk, play and art
- use of adult slang language to discuss sex

### Amber behaviours 9-13

- uncharacteristic and risk-related behaviour, e.g. sudden and/or provocative changes in dress, withdrawal from friends, mixing with new or older people, having more or less money than usual, going missing
- verbal, physical or cyber/virtual sexual bullying involving sexual aggression
- LGBT (lesbian, gay, bisexual, transgender) targeted bullying
- exhibitionism, e.g. flashing or mooning
- giving out contact details online
- viewing pornographic material
- worrying about being pregnant or having STIs

### What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

### What can you do?

Red behaviours indicate a need for immediate intervention and action.

### Red behaviours 5-9

- frequent masturbation in front of others
- sexual behaviour engaging significantly younger or less able children
- forcing other children to take part in sexual activities
- simulation of oral or penetrative sex
- sourcing pornographic material online

### Red behaviours 9-13

- exposing genitals or masturbating in public
- distributing naked or sexually provocative images of self or others
- sexually explicit talk with younger children
- sexual harassment
- arranging to meet with an online acquaintance in secret
- genital injury to self or others
- forcing other children of same age, younger or less able to take part in sexual activities
- sexual activity e.g. oral sex or intercourse
- presence of sexually transmitted infection (STI)
- evidence of pregnancy

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

## Behaviours: age 13 to 17

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

### What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability and reflective of natural curiosity, experimentation, consensual activities and positive choices

### What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

#### Green behaviours

- solitary masturbation
- sexually explicit conversations with peers
- obscenities and jokes within the current cultural norm
- interest in erotica/pornography
- use of internet/e-media to chat online
- having sexual or non-sexual relationships
- sexual activity including hugging, kissing, holding hands
- consenting oral and/or penetrative sex with others of the same or opposite gender who are of similar age and developmental ability
- choosing not to be sexually active

### What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

### What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

#### Amber behaviours

- accessing exploitative or violent pornography
- uncharacteristic and risk-related behaviour, e.g. sudden and/or provocative changes in dress,
- withdrawal from friends, mixing with new or older people, having more or less money than usual, going missing
- concern about body image
- taking and sending naked or sexually provocative images of self or others
- single occurrence of peeping, exposing, mooning or obscene gestures
- giving out contact details online
- joining adult- only social networking sites and giving false personal information
- arranging a face to face meeting with an online contact alone

### What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

### What can you do?

Red behaviours indicate a need for immediate intervention and action.

#### Red behaviours

- exposing genitals or masturbating in public
- preoccupation with sex, which interferes with daily function
- sexual degradation/humiliation of self or others
- attempting/forcing others to expose genitals
- sexually aggressive/exploitative behaviour
- sexually explicit talk with younger children
- sexual harassment
- non-consensual sexual activity
- use of/acceptance of power and control in sexual relationships
- genital injury to self or others
- sexual contact with others where there
- is a big difference in age or ability
- sexual activity with someone in authority and in a position of trust
- sexual activity with family members
- involvement in sexual exploitation and/or trafficking
- sexual contact with animals
- receipt of gifts or money in exchange for sex

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

Print date: 01/10/2015 - Brook has taken every care to ensure that the information contained in this publication is accurate and up-to-date at the time of being published. ## **Anti-Bullying/Cyberbullying**

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

We keep a record of known bullying incidents which is shared with, and analysed by the governing body. All staff are aware that children with SEND and/or differences/perceived differences are more susceptible to being bullied/victims of child abuse.

When there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm' a bullying incident should be addressed as a child protection concern. If the anti-bullying procedures are seen to be ineffective, the Headteacher and the DSL will also consider child protection procedures.

PSHE education (Jigsaw) regularly provides opportunities for children to understand bullying is wrong, its impact and how to deal with it.

## **Online Safety**

The school has an online safety policy which explains how we try to keep pupils safe in school and how we respond to online safety incidents.

Children increasingly use electronic equipment on a daily basis to access the internet, share and view content and images via social media sites such as Facebook, twitter, Instagram, snapchat and voodoo and for online gaming.

Some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings.

Pupils may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders

Pupils are taught about online safety throughout the curriculum and all staff receive online safety training which is regularly updated. The school online safety co-ordinator is Sam Stevens.

## **Racist Incidents**

Our policy on racist incidents is set out separately, and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

## Radicalisation, Extremism and Terrorism

[The Prevent Duty for England and Wales \(2015\)](#) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious violence to a person/people; causes serious damage to property; or seriously interferes with an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous. This can happen both online and offline.

The school is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

The school seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

School staff receive training to help identify early signs of radicalisation and extremism.

Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the school follows the [DfE advice Promoting Fundamental British Values as part of SMSC \(spiritual, moral, social and cultural education\) in Schools \(2014\)](#).

The school governors, the Headteacher and the Designated Safeguarding Lead (DSL) will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include, [due diligence checks for external speakers and private hire of facilities](#), anti-bullying policy and other issues specific to the school's profile, community and philosophy.

When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL in the first instance. They should then follow the safeguarding procedures and refer cases by e-mail to [preventreferrals@surrey.pnn.police.uk](mailto:preventreferrals@surrey.pnn.police.uk) following the [Prevent referral process](#) and use the Prevent referral form. If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey.

The Department for Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

### **Indicators of vulnerability to radicalisation**

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.

Extremism is defined by the Crown Prosecution Service as:

- The demonstration of unacceptable behaviour by using any means or medium to express views which:
- Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
- Seek to provoke others to terrorist acts;
- Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
- Foster hatred which might lead to inter-community violence in the UK.

There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

Indicators of vulnerability include:

- Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;

- Personal Circumstances – migration; local community tensions; and events affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- Unmet Aspirations – the student / pupil may have perceptions of injustice or a feeling of failure,
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Needs and Disability – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations;
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

The Department of Education guidance [The Prevent Duty](#) can be accessed via this link.

## **Domestic Abuse including Coercive and Controlling behaviours.**

Domestic abuse including Coercive or Controlling behavior represents one quarter of all violent crime. It is actual or threatened physical, emotional, psychological or sexual abuse. It involves the use of power and control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.

We use the term domestic abuse/coercive control to reflect that a number of abusive and controlling behaviours are involved beyond violence. Slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse.

Living in a home where domestic abuse takes place is harmful to children and can have a serious impact on their behaviour, wellbeing and understanding of healthy, positive relationships. Children who witness domestic abuse are at risk of significant harm and staff are alert to the signs and symptoms of a child suffering or witnessing domestic abuse.

The school is enrolled onto the Operation Encompass scheme, a joint project between Surrey Police, Surrey Domestic Abuse Service and Surrey Schools; where every school day morning our DSL is notified of all domestic abuse incidents that have occurred and been reported to Police in the previous 24 hours which involved a child at this school (72 hours on a Monday morning). This provides an opportunity for us to ensure the right support is in place at the right time for children who are experiencing domestic abuse.

Staff will be kept up to date with CPD through 7mb and termly safeguarding training.

### **Coercive and Controlling Behaviours**

Also known as coercive control, the use of control and coercion in relationships is a form of domestic abuse and, since December 2015, a criminal offence. Controlling and coercive behaviour is outlined in Government guidance issued under section 77 of the Serious Crime Act 2015 as part of the Government's non-statutory definition of domestic violence and abuse. It is described as:

- Controlling behaviour is: a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour; and
- Coercive behaviour is: an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim

Coercive control is a form of abuse that involves multiple behaviours and tactics which reinforce each other and are used to isolate, manipulate and regulate the victim. This pattern of abuse creates high levels of anxiety and fear. This has a significant impact on children and young people, both directly, as victims in their own right, and indirectly due to the impact the abuse has on the non-abusive parent. Children may also be forced to participate in controlling or coercive behaviour towards the parent who is being abused. Controlling or coercive behaviour also form part of the definition of domestic abuse in section 1(3)(c) of the Domestic Abuse Bill. More information can be found in the Draft Domestic Abuse Statutory Guidance Framework

## **Child Sexual Exploitation (CSE)**

Child sexual exploitation is a form of child sexual abuse.

It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.

The victim may have been sexually exploited even if the sexual activity appears consensual.

Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. All staff are aware of the link between online safety and vulnerability to CSE.

Any concerns that a child is being or is at risk of being sexually exploited should be passed immediately to the DSL.

The School is aware there is a clear link between regular non-attendance at school and CSE. Staff will consider a child to be at potential CSE risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

All staff are aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) will consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence

The DSL will consider the published Children's Safeguarding Partnership guidance and advice when there is a concern that a child is being or is at risk of being sexually exploited or where indicators have been observed that are consistent with a child who is being or who is at risk of being sexually exploited.

In all cases if the DSL identifies any level of concern the DSL should contact the MAP and email a Request for Support Form. If a child is in immediate danger the police should be called on 999.

The school is aware that often a child is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse. Children also rarely self-report CSE so staff must be particularly vigilant to potential indicators of risk.

The school includes the risks of sexual exploitation in the PSHE and SRE curriculum. Pupils will be informed of the grooming process and how to protect themselves from people who may potentially be intent on causing harm. They will be supported in terms of recognising and assessing risk in relation to CSE, including online, and knowing how and where to get help.

The statutory definition of Child Sexual Exploitation (CSE) can be found in the guidance document *Child sexual exploitation: Definition and a guide for practitioners* (DfE 2017)

The definition, which can be found on KCSIE (2020) page 84, is:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Indicators of child sexual exploitation may include:

- Acquisition of money, clothes, mobile phones, etc. without plausible explanation;
- Gang-association and/or isolation from peers/social networks;
- Exclusion or unexplained absences from school, college or work;
- Leaving home/care without explanation and persistently going missing or returning late;
- Excessive receipt of texts/phone calls;
- Returning home under the influence of drugs/alcohol;
- Inappropriate sexualised behaviour for age/sexually transmitted infections;
- Evidence of/suspicions of physical or sexual assault;
- Relationships with controlling or significantly older individuals or groups;
- Multiple callers (unknown adults or peers);
- Frequenting areas known for sex work;
- Concerning use of internet or other social media;
- Increasing secretiveness around behaviours; and
- Self-harm or significant changes in emotional well-being.

Potential vulnerabilities include:

Although the following vulnerabilities increase the risk of child sexual exploitation, it must be remembered that not all children with these indicators will be exploited. Child sexual exploitation can occur without any of these issues.

- Having a prior experience of neglect, physical and/or sexual abuse;
- Lack of a safe/stable home environment, now or in the past (domestic abuse or parental substance misuse, mental health issues or criminality, for example);
- Recent bereavement or loss;

- Social isolation or social difficulties;
- Absence of a safe environment to explore sexuality;
- Economic vulnerability;
- Homelessness or insecure accommodation status;
- Connections with other children and young people who are being sexually exploited;
- Family members or other connections involved in adult sex work;
- Having a physical or learning disability;
- Being in care (particularly those in residential care and those with interrupted care histories); and
- Sexual identity.

More information can be found in:

Child sexual exploitation: Definition and a guide for practitioners (DfE 2017)

## **Child Criminal Exploitation & Gangs**

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity.

There are a number of areas in which young people are put at risk by gang activity, both through participation in, and as victims of, gang violence which can be in relation to their peers or to a gang-involved adult in their household.

A child who is affected by gang activity or serious youth violence may have suffered, or may be likely to suffer, significant harm through physical, sexual and emotional abuse or neglect.

Teenagers can be particularly vulnerable to recruitment into gangs and involvement in gang violence. This vulnerability may be exacerbated by risk factors in an individual's background, including violence in the family, involvement of siblings in gangs, poor educational attainment, or poverty or mental health problems.

Criminal exploitation of children is a typical feature of county lines criminal activity. Key identifying features of involvement in county lines are when children are missing, when the victim may have been trafficked for transporting drugs, a referral to the National Referral Mechanism should be considered with Social Care and Police colleagues.

A child who is affected by gang activity, criminal exploitation or serious youth violence can be at risk of significant harm through physical, sexual and emotional abuse. Girls may be particularly at risk of sexual exploitation.

Any concerns that a child is being or is at risk of being criminally exploited will be passed without delay to the DSL. The school is aware there is a clear link between

regular non-attendance at school and exploitation. Staff will consider a child to be at potential risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

A request for support to the MAP will be made when any concern of harm to a child as a consequence of gang activity including child criminal exploitation becomes known. Any member of staff who has concerns that a child may be at risk of harm should immediately inform the DSL. The DSL will contact the MAP. If there is concern about a child's immediate safety, the Police will be contacted on 999.

## **Youth produced sexual imagery (sexting)**

The practice of children sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is unlawful.

Youth produced sexual imagery refers to both images and videos where:

- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.

All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#)

Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to.

If a member of staff becomes aware of an incident involving youth produced sexual imagery they should follow the child protection procedures and refer to the DSL immediately.

The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff must not view, copy or print the youth produced sexual imagery.

The DSL should hold an initial review meeting with appropriate school staff and subsequent interviews with the children involved (if appropriate).

Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm.

At any point in the process if there is concern a child has been harmed or is at risk of harm a request for support should be made to the MAP or the Police as appropriate.

Immediate request for support at the initial review stage should be made to Children's Social Care/Police if:

The incident involves an adult.

There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs).

What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent.

The imagery involves sexual acts.

The imagery involves anyone aged 12 or under.

There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.

If none of the above apply then the DSL will use their professional judgement to assess the risk to pupils involved and may decide, with input from the Headteacher, to respond to the incident without referral to the MAP or the Police.

During the decision making the DSL will consider if:

- There is a significant age difference between the sender/receiver.
- There is any coercion or encouragement beyond the sender/receiver.
- The imagery was shared and received with the knowledge of the child in the imagery.
- The child is vulnerable, for example subject to Child in Need, Child Protection or Early Help plans, Looked After, SEND.
- There is a significant impact on the children involved.
- The image is of a severe or extreme nature.
- The child involved understands consent.
- The situation is isolated or if the image been more widely distributed.
- There other circumstances relating to either the sender or recipient that may add cause for concern.
- The children have been involved in incidents relating to youth produced sexual imagery previously.

If any of these circumstances are present the situation will be referred according to our child protection procedures, including referral to the MAP or the Police.

The DSL will record all incidents of youth produced sexual imagery, including the actions taken, rationale for actions and the outcome.

## Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. [A mandatory reporting duty requires teachers to report 'known' cases of FGM in under 18s](#), which are identified in the course of their professional work, to the police.

The duty applies to all persons in school who are employed or engaged to carry out 'teaching work' in the school, whether or not they have qualified teacher status.

The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead, however the DSL should be informed.

If a teacher is informed by a girl under 18 that an act of FGM has been carried out on her or a teacher observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the teacher should personally make a report to the police force in which the girl resides by calling 101. The report should be made immediately.

School staff are trained to be aware of risk indicators of FGM. Concerns about FGM outside of the mandatory reporting duty should be reported using the school's child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer holiday.

There should also be consideration of potential risk to other girls in the family and the wider community. Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the police, including dialling 999 if appropriate.

There are no circumstances in which a teacher or other member of staff should examine a girl.

## **Forced Marriage**

A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Forced marriage is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

A forced marriage is not the same as an arranged marriage which is common in many cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

School staff should never attempt to intervene directly as a school or through a third party. Contact should be made with the MAP and/or the Forced Marriage Unit 200 7008 0151.

## **Honour-based Abuse**

Honour based abuse (HBA) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.

Honour based abuse might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion;
- want to get out of an arranged marriage; become involved with a boyfriend or girlfriend from a different culture or religion;
- want to get out of an arranged marriage;
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a particular culture

It is considered a violation of human rights and may be a form of domestic and/or sexual abuse.

## **One Chance Rule**

All staff are aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBV. Staff recognise they may only have one chance' to speak to a child who is a potential victim and have just one chance to save a life.

The school is aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff are aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBV cases.

## **Private Fostering Arrangements**

A [private fostering](#) arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 years old or 18 years old if the child is disabled.

Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.

Private fostering occurs in all cultures and children may be privately fostered at any age.

The school recognises that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care immediately as soon as possible. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify the C-SPA immediately.

## **Children Looked After**

The most common reason for children becoming looked after is as a result of abuse and neglect.

The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.

The designated teacher and governor for children looked after will have the appropriate level training to equip them with the knowledge and skills to undertake their role.

The designated teacher for children looked after and the DSL have details of the child's social worker and the name and contact details of the Surrey County Council's Head of Virtual School.

The designated teacher for children looked after and children previously looked after will work in partnership with the Virtual School Assistant Headteacher to discuss how Pupil Premium Plus funding can be best used to support the progress of children looked after in the school and meet the needs of the child within their personal education plan.

## **Children Missing Education**

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have.

The school recognises that children missing education are at significant risk of underachieving, being victims of abuse and harm, exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Where possible the school will hold more than one emergency contact number for each pupil.

The school will ensure that there is a record of joiners and leavers as defined in [The Education \(Pupil Registration\) \(England\) 2006](#).

When removing a child's name, the school will notify the Local Authority of: (a) the full name of the child, (b) the full name and address of any parent with whom the child normally resides, (c) at least one telephone number of the parent, (d) the child's future address and destination school, if applicable, and (e) the ground in regulation 8 under which the child's name is to be removed from the school register.

The school will make reasonable enquiries to establish the whereabouts of a child jointly with the Local Authority, before deleting the child's name from the school register if the deletion is under regulation 8(1), sub-paragraphs (f) (iii) and (h) (iii) of [The Education \(Pupil Registration\) \(England\) 2006](#).

The school will:

- Enter pupils on the admissions register on the first day on which the school has agreed, or has been notified, that the pupil will attend the school.
- Notify the Local Authority within five days of adding a child's name to the admission register. The notification must include all the details contained in the admission register for the new pupil.
- Monitor each child's attendance through their daily register and follow the SCC procedure in cases of unauthorised absence.
- Remove a child's name from the admissions register on the date that the child leaves the school.
- The school will notify the Local Authority when they are about to remove a child's name from the school register under any of the fifteen grounds listed in the regulations, no later than the date that the child's name is due to be removed.
- Where parents notify the school, in writing, of their intention to electively home educate the school will forward a copy of the letter to the Education Inclusion Team. Where parents orally indicate that they intend to withdraw their child to be home educated and no letter has been received, the school will not remove the child from roll and will notify the Education Inclusion Team at the earliest opportunity.

## **Pupils Missing Out on Education**

The vast majority of children engage positively with school and attend regularly. However, in order to flourish, some children require an alternative education offer or may require a modified timetable to support a return to full time education provision. It is recognised that children accessing alternative provision or a reduced or modified timetable may have additional vulnerabilities. Ofsted refer to these as Pupils Missing Out On Education (PMOOE), because they are not accessing their education in school in the 'usual way'.

The school will gain consent (if required in statute) from parents to put in place alternative provision and/or a reduced or modified timetable

The school will ensure that and parents (and the local authority where the pupil has an EHCP) are given clear information about alternative provision placements and reduced or modified timetables: why, when, where, and how they will be reviewed;

The school will keep the placement and timetable under review and involve parents in the review. Reviews will be frequent enough to provide assurance that the off-site education and/or modified timetable is achieving its objectives and that the pupil is benefitting from it;

The school will monitor and track children attending alternative provision to ensure that the provision meets the needs of the child

The school will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable.

The school leadership will report to governors of any formal direction of a pupil to alternative provision to improve behaviour.

The school leadership will report to governors information regarding the use and effectiveness of the use of alternative provision and modified timetables.

## **School Attendance and Behaviour**

Additional policies and procedures are in place regarding school attendance and behaviour.

The school recognises that absence from school and exclusion from school may be indicators of abuse and neglect, including the exploitation of children. The DSL will regularly liaise with members of school staff with responsibility for behaviour and attendance to ensure risk is identified and appropriate intervention is in place to protect children from harm.

The school will work in partnership with Surrey Police and other partners for reporting children that go missing from the school site during the school day. Staff will be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

## **Restrictive Physical Intervention**

We acknowledge that staff must only ever use physical intervention as a last resort, when a child is at immediate risk of harming him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person. Such events should be fully recorded and signed by a witness.

Staff who are likely to need to use physical intervention will be appropriately trained in “Positive Options” techniques.

Staff understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection and/or disciplinary procedures.

We recognise that touch is appropriate in the context of working with children, and all staff have been given ‘Safe Practice’ guidance to ensure they are clear about their professional boundaries.

When applying disciplinary measures such as physical intervention or isolation for children with SEND the school will consider the risks, given the additional vulnerabilities of these children.

Surrey County Council guidance [Touch and the use of restrictive Physical Intervention When Working with Children and Young People](#) provides further detailed information.

## **Whistle-blowing**

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in the school’s safeguarding arrangements. If it becomes necessary to consult outside the school, they should speak in the first instance, to the Area Schools Officer or LADO in accordance with the Whistleblowing Policy.

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about a way a concern is being handled by their school. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: [help@nspcc.org.uk](mailto:help@nspcc.org.uk).

Whistle-blowing regarding the Headteacher should be made to the Chair of the Governing Body whose contact details are available to staff.

Large site	<ul style="list-style-type: none"> <li>• High ratio of staff on the playground</li> <li>• Fences and gates around the whole site</li> <li>• Risk assessment completed of playground</li> <li>• Site manager regular checks security and safety of site</li> <li>• Children are told where they can and can't go and an adult is there to supervise</li> <li>• Split break times to ease congestion</li> <li>• Use of field for a wider play area</li> </ul>
High aspirations	
Keeping healthy	<ul style="list-style-type: none"> <li>• Healthy eating assemblies</li> <li>• Healthy eating discussions in Jigsaw lessons</li> <li>• Healthy snack at break time</li> <li>• Morning activities for children to take part in from 8.15-8.30</li> <li>• 2 PE lessons per week</li> <li>• Clubs after school each day</li> <li>• Active classroom to get all children up and on their feet</li> </ul>
Attendance	<ul style="list-style-type: none"> <li>• Rewards for best attendance – sitting on benches / early lunch</li> <li>• Reminders to parents about attendance and punctuality</li> <li>• Letters out to parents at the end of each term for low attendance</li> <li>• Early help provided if attendance drops too low with no medical reason</li> <li>• Personalised intervention put into place for children who need support in coming into school.</li> </ul>
Traveller community	<ul style="list-style-type: none"> <li>• Traveller services are supporting the school</li> </ul>
Walking home	<ul style="list-style-type: none"> <li>• Written consent is given by parents</li> <li>• Consent is documented on scholarpack</li> </ul>
Staff who are parents	<ul style="list-style-type: none"> <li>• Regular meetings with SLT and staff who are parents to remind them of procedures and appropriate behaviour</li> <li>• Code of conduct / Staff hand book gives guidance to staff members who are also parents of children in the school</li> </ul>
Over looked	<ul style="list-style-type: none"> <li>• Local residents give feedback to school about behaviours which are addressed with with the individual or in assemblies</li> </ul>
Forest School	<ul style="list-style-type: none"> <li>• 2 trained members of staff are forest school level 3 trained</li> </ul>

	<ul style="list-style-type: none"> <li>• All equipment is locked away from children</li> <li>• Detailed risk assessment has been completed</li> <li>• Parents are informed if their child is taking part in forest school.</li> </ul>
Trespasses on site	<ul style="list-style-type: none"> <li>• In the evening, if people are trespassing on our site the police are called and informed</li> </ul>
Dog mess	<ul style="list-style-type: none"> <li>• CJS children have been involved in a 'dog mess' campaign to help keep the local public footpaths clean and tidy</li> </ul>

## **Temporary Policy Addendum:**

COVID-19 school closure arrangements for Safeguarding  
and Child Protection at  
Connaught Junior School

This Policy addendum is effective from 4<sup>th</sup> January 2020

Connaught Junior School : Connaught Junior School

Policy owner: DSL

Date: January 2021

Date shared with staff: January 2021

## **1 Context**

To support public health efforts during the return to school in January, the country went into full lock down.

From 5<sup>th</sup> January 2021 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

School opening is currently set as:

This addendum of the Connaught Junior School Safeguarding, and Child Protection policy contains details of our individual safeguarding arrangements in the following areas:

### **Content Table**

<b><i>Context</i></b>	<b>66</b>
<b><i>Vulnerable children</i></b>	<b>67</b>

<b><i>Peer on Peer Abuse</i></b>	<b>75</b>
<b><i>Support from the Multi-Academy Trust</i></b>	<b>75</b>

## **Key contacts**

Remain as per the School Safeguarding Policy.

## **Online Learning**

All lessons are now online which are saved on our website and are pre-recorded. As well as this, zoom sessions are set up each morning for the children to meet with their teachers. Katherine Saunders will monitor the quality of the lessons and feedback to leaders/teachers regularly. Check lists are produced for the teachers to follow for their online lessons, as well as risk assessments for zoom calls.

## **Vulnerable children**

Vulnerable children and young people include those who:

- are assessed as being in need under section 17 of the Children Act 1989, including children and young people who have a child in need plan, a child protection plan or who are a looked-after child;
- have an education, health and care (EHC) plan;
- have been identified as otherwise vulnerable by educational providers or local authorities (including children's social care services), and who could therefore benefit from continued full-time attendance, this might include:
  - children and young people on the edge of receiving support from children's social care services or in the process of being referred to children's services
  - adopted children or children on a special guardianship order
  - those at risk of becoming NEET ('not in employment, education or training')
  - those living in temporary accommodation
  - those who are young carers
  - those who may have difficulty engaging with remote education at home (for example due to a lack of devices or quiet space to study)
  - care leavers
  - others at the provider and local authority's discretion including pupils and students who need to attend to receive support or manage risks to their mental health.

Eligibility for free school meals in and of itself is not a determining factor in assessing vulnerability.

Senior leaders, especially the Designated Safeguarding Lead (and deputy) know who our most vulnerable children are. They have the flexibility to offer a place to those on the edge of receiving children's social care support. The DSL team will offer places to those children who are vulnerable or have been on our vulnerable register prior to this lock down.

Connaught Junior School will continue to work with and support children's social workers to help protect vulnerable children. This includes working with and supporting children's social workers and the local authority virtual school head (VSH) for looked-after and previously looked-after children. The lead person for this will be: Emily Littlewood works with the VSH and the DSL team work with social workers.

There is an expectation that vulnerable children who have a social worker will attend an education setting, so long as they do not have underlying health conditions that put them at increased risk. In circumstances where a parent does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and Connaught Junior School will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of the child contracting COVID19, Connaught Junior School the social worker will talk through these anxieties with the parent/carer following the advice set out by Public Health England.

Connaught Junior School will encourage our vulnerable children and young people to attend a school, including remotely if needed. Those children who are not attending school but are still deemed to be vulnerable will have a device offered to them so they can complete home learning and will have a member of staff that they contact during a school day if they are struggling with their home learning. As well as this, our vulnerable children will have regular contact with members of staff who can offer bespoke support for those children so they can maintain their education.

### **Critical workers**

Parents whose work is critical to the coronavirus (COVID-19) and EU transition response include those who work in health and social care and in other key sectors outlined in the following sections. At Connaught Junior School, we have asked for critical workers to provide proof of their job to make sure we have the least amount of children on school site as possible. As well as this, we ask for parents to only send their children in when they absolutely have to so we can keep numbers down and staff to a minimum.

### **Attendance monitoring**

#### **Attendance monitoring for children learning at home.**

Daily zoom calls will commence on 11<sup>th</sup> January whereby teachers will take a register of the children who are on the calls. Any children who are not on the calls, the staff need to follow the guidance below.

9.00	Zoom call
10.00	Email made to the family
12.00	If no response, phone call made by class teacher
1.00	Class teacher calls office and office calls family and a text message is sent out
2.00	DSL team are informed if no one can get hold of the family and decide if a home visit is required. (There is a separate risk assessment if a home visit is required)

Connaught Junior School and social workers will agree with parents/carers whether children in need should be attending school – Connaught Junior School will then follow up on any pupil that they were expecting to attend, who does not.

Connaught Junior School will also follow up with any parent or carer who has arranged care for their child(ren) and the child(ren) subsequently do not attend. The following procedures will take place

8.30	Register completed on one drive by bubble leader
8.45	Office staff check one drive register and any children not in will be called by office staff / text message sent and email.
9.45-10.00	If office staff haven't heard from children who we were expecting in, they let DSL team know who decide upon the next action.

To support the above, Connaught Junior School will, when communicating with parents/carers and carers, confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.

In all circumstances where a vulnerable child does not take up their place at school, or discontinues Connaught Junior School will notify their social worker.

### **Designated Safeguarding Lead**

Connaught Junior School school has a Designated Safeguarding Lead (DSL) and a Deputy DSL.

**The Designated Safeguarding Lead is:** NAME Katherine Saunders

**The Deputy Designated Safeguarding Lead is:** NAME Siobhan McGann and Emily Littlewood

The optimal scenario is to have a trained DSL (or deputy) available on site. Where this is not the case a trained DSL (or deputy) will be available to be contacted via phone or online video - for example when working from home. The timetable for a DSL being onsite is as follows:

Monday	Katherine Saunders
Tuesday	Emily Littlewood
Wednesday	Siobhan McGann
Thursday	Emily Littlewood
Friday	Siobhan McGann

Where a trained DSL (or deputy) is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site. All staff have the DSL phone numbers and training was completed in January 2020 reminding staff who to contact if they have any safeguarding concerns.

This might include updating and managing access to child protection online management system, CPOMS and liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school or college.

Connaught Junior School staff and volunteers will have access to a trained DSL (or deputy).

The DSL will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

## **Reporting a concern**

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding Policy, this includes making a report via CPOMS, which can be done remotely. This must be logged immediately on the day the concern is raised and if there are any serious concerns, a phone call is also required. The DSL team will regularly check the CPOMS notifications and complete weekly safeguarding meetings. As well as this, there is a requirement for staff to call 'red' children twice a week and 'amber' children once a week. If staff are unable to make contact with these children, they contact the DSL team following the guidance under attendance.

If a concern is raised out of hours, the staff member should report the concern on CPOMS and alert the DSL. If a response is not received, you must continue to exhaust all contacts in the key contact section of the school child protection policy.

In the unlikely event that a member of staff cannot access their CPOMS from home, they should email the Designated Safeguarding Lead and Headteacher and if it is an emergency, call them. In the email, they should explain that they have a CPOMS concern and require a phone call made. This will ensure that the concern is received.

Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they report the concern to the headteacher immediately.

If there is a requirement to make a notification to the headteacher whilst away from school, this should be done verbally over the phone and followed up with an email to the head teacher to confirm the discussion.

Concerns around the Headteacher should be directed to the Chair of Governors.

The Multi-Academy Trust will continue to offer support in the process of managing allegations.

## **Safeguarding Training and induction**

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2020). The DSL should communicate with staff any new local arrangements, so they know what to do if they are worried about a child. As well as this, they have all completed the Spring safeguarding update which was delivered via pre-recorded training video and will receive weekly 7mb training sessions. On a Friday in our weekly briefing sessions, safeguarding updates will be shared.

Where new staff are recruited, or new volunteers enter Connaught Junior School they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children's workforce setting to our school, we will consider the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that: -

- the individual has been subject to an enhanced DBS and children's barred list check
- there are no known concerns about the individual's suitability to work with children
- there is no ongoing disciplinary investigation relating to that individual

For movement within the Trust, schools should seek assurance from the Multi-Academy Trust (MAT) HR Manager that the member of staff has received appropriate safeguarding training.

Upon arrival, they will be given a copy of the receiving setting's child protection policy, confirmation of local processes and confirmation of DSL arrangements.

### **Safer recruitment/volunteers and movement of staff**

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children.

When recruiting new staff, Connaught Junior School will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of Keeping Children Safe in Education (2020) (KCSIE). A member of the DSL team will always be up to date with safer recruitment training.

If staff are deployed from another education or children's workforce setting to our school, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that: -

- the individual has been subject to an enhanced DBS and children's barred list check
- there are no known concerns about the individual's suitability to work with children
- there is no ongoing disciplinary investigation relating to that individual

Where Connaught Junior School are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

CONNAUGHT JUNIOR SCHOOL will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSIE.

CONNAUGHT JUNIOR SCHOOL will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSIE and the TRA's 'Teacher misconduct advice for making a referral.

Whilst acknowledging the challenge of the pandemic, it is essential from a safeguarding perspective that any school is aware, on any given day, which staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated activity.

As such, CONNAUGHT JUNIOR SCHOOL will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.

### **Volunteers (if applicable in the future)**

CONNAUGHT JUNIOR SCHOOL will use volunteers to assist in handing out and securing COVID-19 test kits to students and staff members. Other duties may be required such as building test kits, cleaning down areas and directing people. (This is not applicable at this time but maybe in the future)

Under no circumstances will a volunteer in respect of whom no checks have been obtained be left unsupervised or allowed to work in regulated activity.

Volunteers who, on an unsupervised basis provide personal care on a one-off basis in CONNAUGHT JUNIOR SCHOOL, will be in regulated activity. This means that if a volunteer is administering a COVID-19 test whilst un-supervised, they will be in regulated activity and therefore require an Enhanced DBS with Barred List check.

Existing volunteers in regulated activity do not have to be re-checked if they have already had a DBS check (which includes barred list information).

Supervision must be:

- by a person who is in regulated activity.
- regular and day to day; and
- reasonable in all the circumstances to ensure the protection of children.

In appointing volunteers, the school will follow safer recruitment processes.

All Surrey guidance will be adhered to as well as Connaught's risk assessment.

### **Online safety in schools and colleges**

CONNAUGHT JUNIOR SCHOOL will continue to provide a safe environment, including online. This includes the use of an online filtering system.

Where students are using computers in school, appropriate supervision will be in place.

## Children and online safety away from school and college

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the Child Protection Policy and where appropriate referrals should still be made to children's social care and as required, the police.

Online teaching should follow the same principles as set out in the MAT code of conduct. Please separate risk assessment for zoom calls and guidance for daily zoom calls.

CONNAUGHT JUNIOR SCHOOL will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider IF there are virtual lessons/zoom calls, especially where webcams are involved:

- No 1:1s, groups only unless previously organised with parental consent and a risk assessment completed. These are exceptional circumstances whereby a child needs bespoke support in order to access their learning.
- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred or a blank background.
- The live class should be recorded so that if any issues were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate, including any family members in the background.
- Staff must only use platforms specified by senior managers and approved by our IT network manager / provider to communicate with pupils
- Staff should record, the length, time, date and attendance of any sessions held.
- All staff will have completed the zoom training
- All staff will record the zoom sessions
- All staff will have read the zoom risk assessment
- All staff will have read the guidance for running a zoom session
- All parents will have received the guidance and what they and their child are adhering to when joining the zoom call

## **1 Supporting children not in school**

CONNAUGHT JUNIOR SCHOOL is committed to ensuring the safety and wellbeing of all its Children and Young people.

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person. This will involve one or two phone calls a week and more bespoke support for that child which may involve zoom calls / phone calls / work.

Details of this plan must be recorded on CPOMS, as should a record of contact have made.

The communication plans can include remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded. This all must be spoken through with a DSL before completed.

CONNAUGHT JUNIOR SCHOOL and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly and where concerns arise, the DSL will consider any referrals as appropriate.

The school will share safeguarding messages on its website and social media pages.

CONNAUGHT JUNIOR SCHOOL recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers.

Teachers at CONNAUGHT JUNIOR SCHOOL need to be aware of this in setting expectations of pupils' work where they are at home. An online learning set of instructions has been distributed to all teaching staff to follow and videos are being monitored weekly by leaders and SLT.

## **1 Supporting children in school**

CONNAUGHT JUNIOR SCHOOL is committed to ensuring the safety and wellbeing of all its students.

CONNAUGHT JUNIOR SCHOOL will continue to be a safe space for all children to attend and flourish. The Headteacher will ensure that appropriate staff are on site and staff to pupil ratio numbers are appropriate, to maximise safety.

CONNAUGHT JUNIOR SCHOOL will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID19. All staff will have read the guidance of how to support children in a bubble (separate document).

CONNAUGHT JUNIOR SCHOOL will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child.

Where CONNAUGHT JUNIOR SCHOOL has concerns about the impact of staff absence – such as our Designated Safeguarding Lead or first aiders – we will discuss them immediately with the trust. A first aider will be on site at all times.

### **Peer on Peer Abuse**

CONNAUGHT JUNIOR SCHOOL recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims.

Where a school receives a report of peer on peer abuse, they will follow the principles as set out in part 5 of KCSIE and of those outlined within of the Child Protection Policy.

The school will listen and work with the young person, parents/carers and any multi-agency partner required to ensure the safety and security of that young person.

Concerns and actions must be recorded on CPOMS and appropriate referrals made.

Training will continue with staff to make sure they are aware of the signs of peer on peer abuse as well as this, children will be reminded of how to keep themselves online via weekly assemblies and scenarios will be shared with the children.

### **Support from the Multi-Academy Trust**

The Multi-Academy Trust (MAT) Central Safeguarding Team will provide support and guidance as appropriate to enable the DSL to carry out their role effectively.

This includes, remotely accessing Child Protection files for the purpose of quality assurance, support, guidance and direction.

The MAT will also provide regular group and individual supervision sessions. This may take the form of an online meeting.
